WORK EXPERIENCE

Engineer Trainee | Cognizant Technologies Solution India.
Feb 2022 — Jul 2022
• Receive and handle service requests, following agreed procedures.
• Promptly allocate calls as appropriate.
• Log incident and service requests and maintains relevant records
• Identify and classify incident types and service interruptions
• Record incidents cataloging them by symptom and resolution
• Act under guidance to record and track reliability data for your services

PROJECTS

Spotify Clone
Aug 2022 — Sep 2022
Designed a project Spotify clone that enables users to share their favorite songs, and tracks on social channels with their friends and family hassle-free. A Spotify Clone page displays the artist's name with their composed songs. The songs by the artist will be displayed with several listeners and you can add the song to the required playlists and hear them.

Portfolio website
Dec 2022 — Present
Created a project called the Portfolio website. It is the only web space where everything is up to you. I'm able to create a never-seen-before platform with unique content and achieve a recognizable identity the way I imagine it.
